

IJREL Author Declaration Regarding

the Use of Artificial Intelligence (AI) Tools

As part of its ethical publication practices and the transparency of its publishing process, the International Journal of Research in E-learning (IJREL) requires authors to submit a declaration regarding the use of artificial intelligence (AI) tools in the preparation of their submitted manuscript. Please complete this form and attach it to your submission submitted via the IJREL OJS system.

Manuscript Title: _____

Please select one of the following statements and, where applicable, provide the required information:

- No artificial intelligence (AI) tools were used in the preparation of this manuscript.
- Artificial intelligence (AI)-assisted tools were used in the preparation of this manuscript solely for linguistic or technical support (e.g., grammar checking, stylistic editing, text structure reorganization).

If you select the above option, please indicate the tools used and the scope of support provided (e.g., "linguistic proofreading," "stylistic editing," "structural editing," "image generation"):

Declaration of submission of materials obtained using machine learning algorithms

Text location (page numbers)	Name of the AI tool with version number	Scope of use of the tool

The Author(s) declare that:

- no artificial intelligence (AI) tool has been identified or credited as the author or co-author of the publication;
- all intellectual content, including interpretations, arguments, and conclusions, is the sole responsibility of the individual author(s);
- the use of AI tools, if any, did not replace independent scientific judgment or authorship.
